

ASX

**MITSUBISHI
MOTORS**

Drive your Ambition

Your Daily Partner

Styled for Adventure

The new ASX turns heads with its revamped, tough, and rugged front and rear design. The wide and stable design philosophy and versatile cargo area show its go-anywhere capability, and no matter where you go, it's easy to stay connected and entertained with the latest in infotainment and smart technology.

**Sit and Relax.
You're in Control.**

**Style, Entertainment,
and Comfort for All**

EXTERIOR COLORS

Red Diamond

White Pearl

Black Mica

LED HEADLAMPS

When activated, the headlamp clusters send out broad beams of light, illuminating a wide section of the road ahead.

REAR COMBINATION LAMPS
The T-shaped rear combination lamps have a wide and stable look and feel. The brake lights illuminate independently for better visibility.

Side garnish (chrome)

DAYTIME RUNNING LIGHTS / FOG LAMPS

The L-shaped daytime running lights give the front face a sharp and sporty feel. The fog lamps are coupled with turn lights for a look that stands out.

A/C control panel with silver dials

USB port & seat heater

New SDA

Shark-fin antenna

New design 18 inch alloy wheel

Black Leather

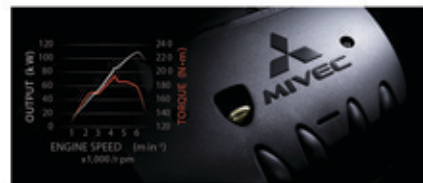

CARGO CAPACITY

The versatile cargo area is spacious and easy to use for any driver. With up to 358* liters of cargo space available even with 5 occupants inside, you can bring everything you need. The wide tailgate opening and low cargo floor make the loading and unloading of cargo fuss-free for everybody.

FULL-FLAT REAR SEAT / 60:40 SPLIT FOLDABLE SEATBACK

Anybody can easily use the rear seat release buttons. Fold down the rear seatbacks to transport bulky or oddly-shaped items.

2.0-LITER MIVEC* ENGINE

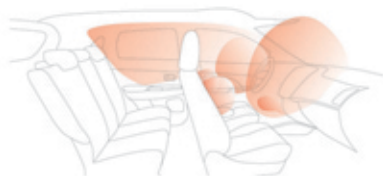

The 2.0-liter engine gives you all the power you need for all your trips. MIVEC technology allows the engine to combine maximum power output, fuel efficiency, and environmental performance.

INVECS-III CVT

Paddle shft

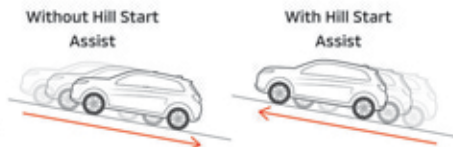

7-AIRBAG SYSTEM

The available 7-airbag system helps protect every passenger in every seat. For protection in frontal collisions, front passengers get front airbags and a knee airbag on the driver's side. In a side collision, front passengers are protected by side airbags while both rows are protected by curtain airbags.

HILL START ASSIST (HSA)

HSA makes it easy to start off on a steep uphill slope by preventing the vehicle from rolling backward. When a gradient is detected, it automatically maintains the braking force until the accelerator is applied.

MODEL YEAR - 2019
